

ELS-R

CE EAC

Easy Level Sensor

Level detection at low level price

Easy Level Sensor

Level detection at low level price

- Excellent value for money - The rotating paddle sensor for your level measurement requirements
- Reliable and very easy to use - The ideal standard instrument for simple level limit measurement
- Made in Europe - Engineered in Germany

ELS-R Features:

Housing:

Powder coated aluminium housing
IP 66

POM Process Connection:

G 1 ½" / G 2 ½"

Extensions:

130 mm extension length
Stainless steel

Supply Voltage:

ELS-R 1: 115/230V AC
ELS-R 2: 24V DC

Process Temperature:

-40 °C .. +80 °C (-40 °F .. +176 °F)

Process Pressure:

-0.9 .. +0.8 bar (-13.1 .. +11.6 psi)
